Lighting Analysts announces winners for the 2006 Ray-Trace Rendering Contest

January 15, 2007 – Littleton Colorado: Lighting Analysts, Inc., developers of the AGi32 software for lighting design and analysis are pleased to announce the winners to the 2006 edition of the Ray-Trace Rendering Contest. First through third place winners were selected from 33 still image submissions, and one overall winner from 15 animation submissions, in Lighting Analysts third annual contest using AGI32. In addition, almost 400 votes were cast in our first Peoples Choice award for Best Still Image and Best Animation entries. A number of the lighting industries most progressive companies lined up as sponsors and some fantastic prizes were awarded. For more details visit:
