

## 3-Day Introductory Training for the AGi32 Software Program<sup>1</sup>

At Lighting Analysts' training facility in Littleton, Colorado

- Seminar Duration:** Three days, usually Wednesday-Thursday-Friday.
- Seminar Cost:** \$995 per person.
- Covers:** 3 days of interactive training with AGi32. Trainee-to-computer ratio is 1:1.
- Size:** A maximum of 12 trainees may attend one seminar.
- Reservations:** Accepted as space is available. Space may be held with a credit card or purchase order. No charges will be processed until 10 business days prior to the first day of class. We reserve the right to cancel seminars with fewer than four attendees two weeks prior to class.
- Cancellations:** Charges are processed 10 business days before the course begins. Cancellations inside of 10 business days are subject to the following:
- a. If, at the sole discretion of Lighting Analysts, we are able to fill the vacancy, the fee is fully refundable.
  - b. If we are unable to fill the vacancy, the fee is nonrefundable. Registration will be accepted at a future course at 50% of the standard tuition rate.
- Expenses:** Responsibility of the trainee. Lunches are provided.
- Content:** Seminars are geared toward introductory training for AGi32, latest version. Topics covered include photometry, Radiosity, space creation, Page Builder (customizable output), rendering and export options. Both users with little or no lighting software experience and those familiar with AGi32 or other lighting software will find much to be learned from this seminar.

An advanced training seminar is available for users who have attended the introductory training or for power users who want to learn the ins and outs of AGi32.

Please e-mail, call or check the Web site ([www.agi32.com](http://www.agi32.com)) for current available training dates.
