\* Quebec classes will be taught in French. The training manual is in English.

**NOTES FOR ALL:**

Computers will be provided, one per student, loaded with the software and other training files.

Each student will receive a training manual.

Lunch will be provided each day.

**IMPORTANT:**

You will get more out of the class if you have spent at least a few hours with the AGI32 tutorials.

With AGI32 open, click on Help, Contents & Index, Contents tab, and then scroll down to the tutorials.

Begin with the Instant Gratification tutorial: a great place to get started!
